Short Bio		
Andrea Moreira, MD, FACS, is an Associate Professor of Plastic Surgery at the University of Pittsburgh School of Medicine, Chief of Plastic Surgery at Magee-Womens Hospital, and Director of the Breast Reconstruction Service Line at UPMC. She is an internationally recognized plastic surgeon, researcher, and educator with expertise in breast reconstruction, microsurgery, breast neurotization, and robot-assisted plastic surgery. Dr. Moreira has authored more than 60 peer-reviewed publications and has led numerous funded research initiatives focused on improving outcomes and quality of life for patients undergoing breast reconstruction. She currently serves as Chair of the Robotic Surgery Subcommittee of the American Society of Plastic Surgeons. In addition to her academic and clinical work, Dr. Moreira is deeply committed to global health and surgical education through international humanitarian and training programs. Originally from Brazil, she completed her medical training and surgical education before pursuing advanced training and an academic career in the United States.
