

PRS KOREA 2026

November 8(Sun)~10(Tue), 2026

Grand Intercontinental Seoul Parnas, Seoul, Korea

60TH
ANNIVERSARY

Curriculum Vitae

Personal Information		
Title	Dr.	
Full Name	Kellen Chen	
Academic and Professional Credentials	PhD	
Affiliation	University of Arizona	
Country	United States of America	
Short Bio		
Kellen Chen, PhD, is a researcher at the University of Arizona College of Medicine – Tucson whose work focuses on fibrosis, wound healing, tissue regeneration, mechanotransduction, and cell and tissue biomechanics. He received his PhD from the University of Virginia and completed his postdoctoral fellowship at Stanford University. His research integrates mechanobiology, single-cell approaches, tissue engineering, and regenerative medicine to investigate mechanisms of fibrosis and improve wound healing. He currently serves as Director of the Tissue Acquisition and Cellular/Molecular Analysis Shared Resource and Director of the Biospecimen Tumor Bank at the University of Arizona. Dr. Chen is actively involved in the Wound Healing Society and Plastic Surgery Research Council and has received multiple awards for his contributions to wound healing and translational research.		
Professional Society Memberships (Optional)		
- Wound Healing Society (WHS) - Plastic Surgery Research Council (PSRC) - American Society of Mechanical Engineers (ASME) - Biomedical Engineering Society (BMES)		

Korean Society of Plastic and Reconstructive Surgeons
