Short Bio		
Dr. Li is a board-certified plastic and reconstructive surgeon with subspecialty expertise in microsurgery and complex breast reconstruction. He practices at the University of Pennsylvania, where he serves as the Chief of Plastic Surgery at Chester County Hospital, Penn Medicine. His clinical focus spans advanced autologous reconstruction (including DIEP flaps), implant-based reconstruction, and aesthetic surgery. Beyond the operating room, he is passionate about surgical outcomes research, health system optimization, and national physician advocacy. He currently represents both the American Society of Plastic Surgeons and the state of Pennsylvania as a Delegate to the American Medical Association, helping shape policy for sustainable, high-quality care delivery. He is pursuing an Executive MBA at the Wharton School to expand his impact at the intersection of surgical care, health systems leadership, and medical innovation.
